3 cups lounge

*Sun-flower hotel Westland*

## Industrial

Recognized as one of Kenya's leading electrical contractors, Wertvoll Solutions delivers high quality construction and maintenance outcomes for heavy industrial projects in manufacturing, transportation and power generation sectors

Our technical know-how and years of experience in this complex infrastructure space means that we can provide innovative solutions for a broad range of clients. From design and construct, to commissioning and maintenance support, we can provide tailored electrical, instrumental and communication services to meet operational requirements.

## Energy Sector

### Uninterruptable power supplies

UPS power system ensures a SEAMLESS power protection system ready to cope with any power outage be it short or extended. Dependent on the battery autonomy of the system, ready to protect against damage by power drop or power spike. Wertvoll solutions design, builds and installs and maintains seamless 'no break' clean uninterruptible UPS power protection systems throughout the country.

We also do necessary UPS Maintenance and UPS Maintenance service visits to keep installed UPS in peak performance in accordance with the manufacturer's specification and requirements

## Generators

Power Protection and Diesel Generators are synonymous with each other as they are the only serious way to guarantee emergency power for critical systems in the event of a power failure. Wertvoll solutions designs, builds and installs automatic generator power systems across the country.

## Solar

We provide professional design, installation and maintenance of Solar PV for both residential and commercial applications. Our courteous and knowledgeable staff assist in the planning and custom design phase of your specific project needs
